MEMORANDUM

DATE: November 1, 2009

TO: Department Staff, Owners, Contractors, and Agents

FROM: W. Travis Luter Sr., CBO
Building Official

SUBJECT: Marriage Wall Inspection

Effective January 1, 2010, the Sussex County Building Department will require a marriage wall inspection on all Manufactured and Modular Homes. This inspection will be performed after the sections of the home have been set and connected and prior to the concealment of the marriage wall areas both interior and exterior. If you have any questions about this inspection please contact our office for further explanation.

As always your patience and cooperation as we integrate this into our normal business practices will be greatly appreciated.
